Corsair Air Cleaner

We tested many of our competitor's forward facing aircleaners and found them to be very restrictive. We designed many models until we settled on this very aggressive, free flowing, truly high-performance unit. The chrome-plated die-cast housing with high-flow filter element supplied by Advanced Flow Engineering (aFe) is easy to install and air-flow will support performance engines in excess of 100 HP.

9860	'91-'06 XL Models with CV Carb	\$279.99
9861	'93-'99 Evolution Big Twins with CV Carb and '99-'07 Twin Cams with CV Carb or Delphi Fuel Injection	\$279.99
